

## Successful Municipal Fiber Deployments

There are over 40 municipal fiber deployments in the US. Most offer retail as well as wholesale service. While some of these are too new to evaluate, all of the networks that have matured and offer retail services are operating successfully.

City	Premises Resid/Bus.	Provider	Year Deployed	Contact
Bristol, VA	16,000	Bristol Virginia Utilities	1999	<a href="http://www.bvu-optinet.com">www.bvu-optinet.com</a>
Jackson, TN	38,000	Jackson Energy Authority	2004	<a href="http://www.jaxenergy.com">www.jaxenergy.com</a>
Kutztown, PA	2,200	Hometown Utilicom	2002	<a href="http://www.hometownutilicom.org">www.hometownutilicom.org</a>
Reedsburg, WI	4,000/420	Reedsburg Utility Commission	2002	<a href="http://www.reedsburgutility.com">www.reedsburgutility.com</a>
Salisaw, OK	3,000/125	DiamondNet	2003	<a href="http://www.diamondnetok.com/">www.diamondnetok.com/</a>

Many thanks to Broadband Properties Magazine, who feature a municipal deployment in every issue at [www.bbpmag.com](http://www.bbpmag.com). See their full article on municipal broadband at [www.bbpmag.com/2008issues/may08/BBP\\_May08\\_FiberDeployments.pdf](http://www.bbpmag.com/2008issues/may08/BBP_May08_FiberDeployments.pdf)
